

## Involvement Opportunity

# **hEARD: help Exploring At-Risk Disengagement**

*Have you ever received support for being at risk of developing psychosis, or having an 'At Risk Mental State' (ARMS)?*

*We are looking for people to support us with our research project looking at how we can improve ARMS care in collaboration with service users*

**Being part of the group would involve activities such as; developing research recruitment materials, reviewing, and sharing our research findings**

- Support and training will be provided
- The group will meet 11 times over 3 years (subject to your availability)
- Reimbursement for your valuable time will be provided

**If you are interested and would like further information, please get in touch with:**
